CHIEF SECRETARY'S OFFICE.

REVENUE BRANCH.

(21)

OFFICE NOTE.

SUBJECT. Grant of wood to Kanle Devappa for building a chattram at Sagar.

LAST REFERENCE Letter No. 223/917 dated 3rd June 1896 from the Dy Commr Shimoga

Date of last letter 19th July 1895

Kanle Devappah on several occasions both by telegram and petitions applied to Govt for certain concessions in purchasing timber &c for his chattram at Sagar which is progressing in construction. The petitions were forwarded for disposal or report if necessary, to the Dy Commr of Shimoga:

Ord 8 August 1895

2. In September 1895

No 355/202 of 30 Sept 95

the Dy. Comm^r. reported that in anticipation of Govt. sanction Devappa was allowed to take 45 cartloads of classified timber on reduced rates.

3. In this office R. No. 4150/F. 256 dated 29th October 1895 the Dy. Comm^r. was asked to explain ~~how~~ under what rule or authority the wood was granted to Devappa ~~at reduced rates~~ and at what rates if the timber had not been removed the Dy. Comm^r. was asked to stop the issue pending orders of Govt.

4. In letter No. 6106/388 dated 3rd Dec 1895 the Dy. Comm^r. ~~reports~~ submitted correspondence from the Range Officer. From this it will be seen that Sanki Devappa asked for 20 cartloads of classified wood and 25 cartloads of jungle wood on the same reduced rates as are granted to malnad ryots.

reference the Dy. Commr.

now reports that

33¼ was classified and (10)
6½ was pinjlewood.

and that Devappa has

still to remove

26 carts of classified
14 " " jungle

making a total of

59¼ cartloads of classified
wood valued Rs. 107-10-0

20½ Ctloads of jungle
wood wood valued Rs 10-4-0

or

79¾ cartloads full
kinds and valued
classes ~~for~~ Rs. 117-14-0

7.

It will be seen that the sum of Rs 117-14-0 referred to in para 4 supra is not the value of 39¾ cartloads, but ~~of~~ it gives the value of 79¾ cartloads at the reduced rates.

8 In the list submitted by the Dy Commr the value of 1¾ cartloads of Bilvara is given as Rs. 0-11-0 whereas it should be 1-11-0* at 1 Re per cartload.

* Under para 8 Rpts' proceedings 8 January 1896. (Bilvara Mag 2)

Enclosure to Memo
Dy. Commrs No 606
384
(Referred to in
para 4 supra)

(11)

9. It is stated in Sagar Sub Dy. Officer's M. 180 of 15/11/95 para 7, that he ordered

40 Cartloads of jungle wood at Rs reduced rates — 60

and

40 Cartloads at full rate Rs. 256.

The rate of jungle wood per cart is only 1 Re at reduced rate. It is not known at what rates the Sub Dy. Officer has calculated and whether the above 80 cartloads are exclusive of the 79 3/4 cartloads already referred to.

10. The Dy. Commr. has forwarded the plan of the building and a sketch of the site for sanction and states that the Municipality have sanctioned the grant of the site to Devarkal.

After disposal of the question relating

Enclosure to Memo
Dy. Comm's No 606/389
(Referred to in para 4 supra)

9. It is stated in Sagar sub Dn. Officer's 150 & 151 para 7, that he ordered 40 cartloads of wood at reduced rates — 160 and (at 1-8-0) 40 cartloads of fuel at reduced rate (at 6-6 4/5) 256. The rate of purchase wood per cart is only 1/8 at reduced rate. It is not known at what rates the sub Dn. Officer has calculated and whether the above 80 cartloads are exclusive of the 176 3/4 cloths already referred to.

10. The Dy. Commr. has forwarded the plan of the building and a sketch of the site for sanction and states that the Municipality have sanctioned the grant of the site to Devakhah.

After disposal of the question relating

rates, the favorable rates allowed, the quantity, if any, allowed free, may, it is submitted, be called for.

(13)

There is a Note by the 1st Counsellor dated 16.1.96 in which he asks that the explanation of the Deputy Commr may be obtained through the Conservator of Forests. May this be done now?

30/1/96

Draft issued in the foregoing terms – Vide No. 141-42 Jl. J 147.92 dated 4-7-96. –

In reply the Dy Commr. of Shemoga submits the following explanation through the Conservator of Forests.

K. Devappah removed

59¼ cartloads of Classified wood paying Rs 187-8-0

20½ cartloads jungle wood paying 10-4-0

79¾. Total Rs. 117-14-0

The full seigniorage rate on the above is

59¼ classified – 361-14-0

20½ jungle – 112-12-0

474-10-0

The quantity of 39¾ C.d mentioned in para 6 of the

Sagar Sub Dn. Officer's letter no 180 dy 15th Nov 1895 is an error and the statement submitted with his honour dy 14th May/96 is correct.

No free grant appears to have been made.

Sub for orders
cs
13/8/96

Received
12/15/8/96

Submitted for orders

The enclosure to the Dy Comm's letter No 1234 dy 6-8-96 is the Resolution of the Local Board abbreviating of the free grant of the land in question. The remarks (considering the circumstances stated in para 4 of the Sub Dn Officer's letter dy 15-11-95 (enclosure to the Dy Comm's letter dy 30-11-96) & the fact that the Board have voted the free grant, the action of the local authorities in regard the matter may be abbreviated.

The Dy Comm's present report shows that

V. Secy
This proposal otherwise full encroachment land & one year's lease. I hope Govt will allow some [illegible] abbreviation

DATE 24 to 94

The Chief Secretary

Most Respected and Honoured Sir

I beg to enclose for your kind perusal and for favr of early orders being passed, the enclosed copy of my application to the Deputy commissioner of Shimoga District praying for the grant of certain building sites and for the permission of taking at reduced rat 200 carts loads of wood for the use of a chattram, the erection of which I have undertaken with the permiss of the Local and District authorities here purely for the use of the huge travelling public of this place I beg also to add that the Deputy Commissioner has personally inspected the site and has been pleased to accord his approval.

I beg to remain
Most Respected & Honoured Sir
Your most obedient & humble
Servant

To

The Deputy Commissioner

Shimoga District

Most Respected & Honoured Sir

I, the undersigned Shanky Devappa a resident of Sagar Shimoga District, beg to submit the following few lines for your Honours kind perusal and favourable orders.

Apparently with a pure charitable motive I purchased certain building sites within the town of Sagar whereon to erect a chattram to suit the travelling public resorting to this place. As the sites thus acquired by me were considered to be hardly sufficient for a commodious and decent chattram building. I had as you are aware to submit an application to the Sub Division officer praying for the grant of an additional Government site lying adjacent to the above. I hear that the Sub Division officer has forwarded on my application with requisite plans &c quite compliance to your Honour for favour of early orders being passed. I had also requested the Sub Division officer to permit me on payment of favourable rates 200 carts loads of jungle wood immediately to be used for the said chattram. I am sorry that the Dasara Holidays have come in the way of my requests being granted speedily. The large number of

coolies numbering not less than one hundred employed by me for the erection of the building whose basement is at this moment over. are idling away their time for want of sufficient work. I solicit therefore the favour of your kindly granting me aforesaid two requests so that I may be enabled to proceed with my work speedily. If necessary, I request that the Chief Secretary may be wired on the subject, of course at my cost. For which act of kindness I ever continue to pray for your long life and prosperity. I beg also to add that I have taken the liberty of sending a copy of this application to the Chief Secretary for favr of early orders.

To

The Revenue Secretary to the
Government of Mysore.

Sir,

Adverting to the marginally noted communications, I have the honor to forward for information copy of the Sagar Sub Division Officer's letter No. 180 of 5th inst. with its enclosures in original together with a site plan and a plan of the Chattram building built by Rao Bahadur in the town of Sagar, and to request that sanction of Government may be accorded

(a) to the free grant of the Government land measuring 5500 Sq. yards in the town of Sagar,

(b)

Govt. Secy. No. 2814 R.F.167-25 dt. 13-10-25.

From Revenue Secy. No. 4/1577 dt. 25-10-25.

(d) 50 cartloads of dunglewood at the reduced rate of stumpage.

(e) Remission of royalty on 30,000 Laterite stones at the rate of 2 annas per hundred as recommended by the Sub Division Officer.

2. Out of the 30,000 Laterite stones applied for by Kunjiya, the Sub Division Officer reports that the former has removed 13,000 and wants 22,000 more stones.

3. The Sub Division Officer has again been requested to report the total outlay for road ~~to~~ incurred on the chairman and the amount already spent upto date. ✗ 2.5000 ✗ 1280

4. The delay in making the recommendation to Government as regards the grant of Laterite

stones

stones free of royalty as recommended by the Sub Div. Officer in his letter no: 180 of 27th Sept/94 (copy of which was forwarded with this office letter No. 164/37 of 3rd August, 1895), was duly noted, said letter and previous references having been handed over to the Executive Engineer by the former Deputy Commissioner in order to estimate the quantity of sand and earth stones required for the building as will be seen from the Executive Engineers Docket No. 662 of 3rd August 95, copy enclosed for information, and which were not received back from the Ex. Engineers office till called for in this office D/- No: 58 of 6th August 95.

I have the honor to be,
Sir
Your most obedient Servant,

A Rangaswamy
Asst Commissioner

No 180

Sub Treasury Office

Lagos dated 15th November

23

To

The Deputy Commissioner

Abeokuta.

Sir,

Adverting to your docket No 6/3

dated 11th September 1895 and No 723

dated 5th November 1895 giving Govt

to your treasury orders No 2314 and

2.344.92

4.55

7256 dated 6th and 29th October

1895 respectively calling for certain

information in connection with

the Chattels which is being sent

by Native Constable at Lagos, and

directing to stop the removal be-

low of the cartloads of described

wood on reduced rates, I have the

honor to inform you herewith a rec-

plan of the building with its Ground
floored as it stands now to, exhibit
as follows:—

1. Main Reception is a Marble
Entrance Lavatory holding a
large Lauded estate. Lo 10th the
Roads of this mind to build a
Shutter with a temple attached to
it on a large scale fronting out to
Charitable motives. He erected a
side for this purpose at the entrance
to the Town on the Northern side
of the Road leading to the Zeroella
Falls. He has furnished Private
Cells for Ladies and Gentlemen
the free grant of the Government
Cells having made at present to them
for the formation of a large Ground
floored. He also required the

Government help in granting timber at the usual reduced rate of mileage.

Copies of the correspondence between the Hon. Minister of Mines and the Deputy Commissioner on the subject are annexed to this for ready reference and it would appear from them that Mr. Clarke was led to believe that the above concessions would be granted to him and he was encouraged to start the work at once.

4. The Charter is nearing completion now. He has collected materials for the building of the temple which is only an adjunct to the Charter which being the main building. He has invited

nearly 500 square yards of Govern-
ment land whose value was esti-
mated at Rupees 250 - 0 - 0 , I request
you will be good enough to obtain
sanction of the Government for
the free grant of the same as
originally intended. At the same
time I have to remark that the
said Government ground en-
circled by fire and rocks overgrown
with jungle, vegetation and it is
now a relief to see that it has been
levelled all around and Septeman-

5. Kandy Cemetery originally
intended to enclose a part of the
Road known into the Cemetery
enclosure but as it is settled
now that the Circular Road
be part of ground beyond the enclosure

BOMBAY PWD 1950

wall all around for a passage to the people inhabiting the southern part of the town to go to the Varada river, the dead house is left untouched by him as it lies just beyond his compound wall. The new dispensary building built in the Eastern extension of the town the removal of the present dead house and the erection of a new one at a convenient distance from the dispensary have been determined upon.

6. From the records here-with submitted it will be seen that Rao Bahadur, retired Executive Engineer, Municipal

and 83 cartloads of jungle wood to be granted to him on the Rs. reduced rate and the then Divisional Officer recommended this concession. Pending the final sanction of the Government he went to Dare, removed 89 3/4 cartloads of jungle wood, classified wood on payment of Rs. 17-4-0 at the reduced rate as per list enclosed.

7. Officer in charge of the Divisional Office found the work progressing rapidly and Kanle Devaji through the Jamadar asked for permission to remove more timber which he had already felled in the jungle. So

written permission at such a juncture would be to stop the work. The timber referred to consisted only of the jungle wood and not of the classified kind. I therefore ordered the removal of the same reporting the matter to you in my letter No. 46 dated 21st September 1905. Mr. Ranganatha has already removed a portion of it and is now engaged in bringing in the remaining portion. I submit the requisite wood for the building not to speak of the trouble in securing completion.

8. There was no Sagar[illegible] or Lateritic stone in the locality when the building was commenced. It was only introduced under

x) 45 cartloads of wood at reduced rate — Rs 22-0-0
y) do. at full rate — 256-0-0

No 39 Encl / Petition

Sagar 11th July 1874.

To,

The Deputy Commissioner
Shimoga

Sir,

I am forwarding herewith a petition from Kanaka Devappa of Sagar praying for the grant of 250 cart-loads of wood at favourable rates for building a Dharmasala in the town of Sagar. I have the honor to state that the petitioner is building a chattram in the town of Sagar roughly estimated to cost about 15000 Rs. Proper site has been selected & the building materials are being collected. As the building is intended purely for charitable purposes, I request you will be good enough to obtain sanction to grant not exceeding 250 cart loads of classified Jungle wood at reduced rates.

No. 89 Genl.

Sagar
Dated 27th July 1894.

To,
The Dy. Commissioner of Kingit.

Sir,

With reference to your Confdl
No. 142 of the 13th instant on the subject of
granting wood to the Kanly Durgah for
building a Dharmsala at Sagar, I have
the honor to state Dilawar Hd in the present
instance applied for ten cart-loads free
of cost and I did not then suppose his
application. He now applies for for
250 cart-loads at Rupee privilege Rates.
No doubt it is against principle of granting
wood either free of cost, or at reduced
rates for such purposes. But I consider
that this principle should be relaxed a
little in dealing with questions re-
-lating to Kanly trusts. It cannot be
said that wood is scarce in these
parts, but the prohibitive rates of charges
to bring it, do not from impracticable or
jungly tracts would in many cases

heavily

No 348.

Shimoga District
Dy: Commissioner's Office,
Shimoga 3rd August 1894.

To,

The Sub Division Officer,
Sagar

Sir,

With reference to your letters Nos 89 and 90 dated 27th ultimo, I have the honor to state that before recommending the grant of the Government site free for the purpose, the following points should be determined.

(1). The area and fair value of the site proposed to be given, the valuation being fixed with reference to the value of the adjacent private sites already acquired by Hande Devappa.

(2). What is the reasonable time to be fixed for completing the work?

(3). If the work is not completed in the time fixed, the land will be resumed by Government or sold to the grantee at the price now fixed, on condition of his using it for no other purpose than that proposed by him now. A Kuchaleka to

C.

this effect should be taken from him.

2. I am still not prepared to recommend any grant of timber, but I shall consider the point urged by the Sub Division officer once more if the following information is furnished as early as possible.

(1). What is the nature & the quantity of the timber required for Chattram proper and out houses?

(2). To what extent, out of the above, Government help is sought for?

3. No part of timber required for Dewasthan & other religious buildings proposed to be constructed, should be included in the above quantity Rs. 1.

4. In case Government timber is allowed, the Grantee will have to pay for it at the full depôt rates, if the work be not completed or the timber granted used for any purpose other than the said work (Chattram proper). A Muchalka to this effect should also be taken from him.

5. It is requested that the plan may be sent to the Executive Engineer and

heavily on a person who undertakes any extraordinary work induces him to seek some aid to some extent. I do not think that you will differ from me in saying that it is very unlikely that people hereabouts come forward to undertake such duties of public utility, and when they do so, it is very necessary to encourage them by lending them a helping hand. In a country, which is almost destitute of public buildings of this nature it is nothing but right to try to induce people suffering want, by showing them some indulgence at the beginning. For these reasons I recommend the question for your favorable consideration

2. The Deputy's second petition is herewith forwarded.

No. 154 Issues:
Fav: Record

Sajan
Dated 13th September/94.

To.
The Deputy Commissioner,
Sheimoga Distt.

Sir,

In reply to your letter No. 348 of the 3rd August last on the subject of free grant of land to Kanly Devappa for building a Dharmasala I have the honor to report as follows:.

2. With reference to para 1 I beg to state that the area of the land proposed to be alienated to Devappa is 5856 Square yards. The figures given in para 3 of this office letter No. 90 of the 27th July last are not correct.

3. The value of the site is fixed by Panchayetdars at Rs. 321-8-0. But Devappa himself offers for it Rs. 250/- & has expressed his willingness to purchase it for the price. He has however declined to execute a Muchalika agreeing to pay the price fixed by Panchayetdars in the event of his failing to complete the building within the time fixed. It being the intention

of

(21)

of the Government to grant the site free. I do not think it necessary to put the same up for sale as proposed by the Amildar. Devappa has executed a Muchalika agreeing to build the Chattram in two & half years, and not to use the site for any other purpose than that of building Chattram out houses and Stalls to be granted for the benefit of the institution. I would recommend the grant of the Site on these conditions. The condition that if the Chattram is not built within the time fixed, the builder should pay the value of the site is in my opinion superfluous. If it is insisted upon the grantee is willing only to pay the price fixed by him viz, Rs. 250/- and not that fixed by the Panchayatdars.

4. Devappa applies for 20 cart-loads of Classified & 180 of Jungle wood, which he proposes to use it exclusively for the Chandrasala, & block intended for the use of the non Brahmin travellers; and he has executed a Muchalika

No 90 Cases

Sagar
Dated 27th July 1894.

To
The Deputy Commissioner
&
Superintendent
Sirsi

Sir,

In continuation of my letter No 362 of the 19th December last on the subject of leasing out to the person described for leasing a temporary Khan the boundaries of various persons

2. You are aware that after inquiries proposals for leasing above khan leasing out at the sacred ghat of the Linga and all the lands which are in favour of this proposal, & the Khan leasing the Ghat recommended to be granted, & that required by the Petitioner in favour of leasing out to the Petitioner may kindly granted alone. The Petitioner that a square of an acre of ground be granted & that the Khan be built the Petitioner be secured for the present. It will be seen from the plan

plan that from the situation of the site it is impossible to mark out a square or an oblong piece.

3. Outlines of the buildings which the Deputy proposes to erect are marked on the site plan. A temple with Chowdra = sala all around for high caste Hindus; a dwelling block by the side of it for non = vegetarians. Two mitt halls rooms & servants quarters are the buildings for which space will have to be found. Besides this, there should be sufficient space for out-houses & planting a piece of flower garden for the use of the temple for Deputies officers for the whole of the Government land including the plot behind the 4th Barr depot lines, the area of which will be about 6628 Square yards. If you study the site plan you will come to the conclusion that unless the whole piece of ground marked out on the plan be granted it will be quite out of question to have the buildings in this locality. I may add here that it is the intention of the Deputy to have the building in the old town. The townspeople, his own community in particular, are quite opposed to have the buildings in the

this new Lease. He is no other Compound Site available in the old town excepting the one in question. Under these circumstances I would recommend that the whole Site Land including the plot behind the Barracks may be granted free of Cost.

4. The ground plan of the buildings is also submitted for approval. The cost will be a substantial one, roofed build-ing, and the Chaukeeala & non-Negotiable quarters will be tiled houses, mud walls of laterite stone in mortar. My Despatch estimates the whole cost including that of constructing the dies at Rs. 1500/- He has already paid nearly one thousand Rupees for acquiring private property, and he will have to spend a good deal for leveling the ground obtained from Government. I roughly estimate the cost of the buildings alone would be between 11 & 12 thousand Rupees.

5. My Despatch has reference to collect Materials, and is anxious to start work in the next working season I would therefore beg that you will be good

(75)

the Dharmasala is to be built in accordance with the plan & Estimate to be prepared by Government officers, so that it may be useful for all classes of Travellers. I would have gladly recommended the free grant of wood. But the applicant seems to prefer his own plan, in which case I think he should not seek any aid from Government. I have however asked him if he would consent to build in accordance with our plan & Estimate & his reply on the ~~matter~~ subject will be communicated to you in due course.

6. As you are shortly to visit Sagar I request you will kindly inspect the different sites selected by me in the new Town as well as the one in front of the Taluk Cutcherry, and if you approve the last named & if you think that the present old building is not required for any Government purpose. I see no objection to its being sold to the applicant.

Khulna

Sir,

In forwarding herewith Sayyad Amiddar's report No 308 dated 29th October last together with its enclosure on the subject of selecting a site for the Dharmasala which Sheikh Serajja of Kaulia intends building in the town of Jessore for the use of Shebaiters, I have the honor to state that I had a talk with him on the subject and suggested particularly a site just between the new and old Courts, but he seems to prefer the one in front of the Sahib Cutcherry.

2. In this locality there is a small piece of vacant land as detailed in the Amiddar's Hilla quoted above which I see no objection to grant free. As this site alone will not be sufficient for the intended Dharmasala the applicant proposes to buy up the adjoining private property as also the

pieces

present Dispensary building & the Road house.

3. As regards the last named building I had a personal conversation with the Executive Engineer & he has no objection to sell it provided the actual cost of the building is paid. The Dispensary will shortly be removed to the new building and unless you propose to convert the present one into Salt Godown, Prisoners' Cook Room, Salt Store Room &c on the ground that the present Salt Cutcherry is overcrowded, there is no other use for it. Before this question is settled I cannot positively express any opinion whether it is to be sold or retained for Government use.

4. The Builder recommends that the building also owned by the private individual may be acquired by Government and converted to his advantage. I think that the Government cannot interfere in this matter and that the party intending to acquire them should make his own arrangements.

5. The Builder also recommends the use of 100 cart-loads of sand. If the

ماهی تعدیل حقوق پایه کارکنان دولت

۱۴۰۵۰۰۰ — هفتصد و شصت و پنج هزار تومان

لایحه — جمعی از کارکنان دولت نسبت به عدم تعدیل حقوق خود در سال ۱۴۰۵ اعتراض کرده‌اند. به گفته ایشان، تورم رسمی سال گذشته ۴۵٪ بوده است، در حالی که افزایش حقوق کمتر از ۲۰٪ بوده است.

گزارش کمیسیون — کمیسیون امور اداری مجلس شورای ملی در جلسه ۱۲ آذر ۱۴۰۴ این لایحه را بررسی کرد. نمایندگان وزارت دارایی توضیح دادند که افزایش بیشتر حقوق بدون افزایش مالیات ممکن نیست.

مخالفان لایحه معتقدند که افزایش مالیات بار اصلی را بر دوش طبقه متوسط خواهد گذاشت. موافقان پاسخ می‌دهند که بدون تعدیل، بسیاری از کارکنان دولت زیر خط فقر زندگی خواهند کرد.

تصمیم — مجلس تصمیم گرفت لایحه را به کمیسیون برگرداند تا گزینه‌های دیگر بررسی شود.

Sir,

In returning herewith the original docket No: 9090 of the Ft. 601 2nd ultimo, from the Secretary to the Government, I have the honor to observe that in the Govt. Proc: No. 6457 R.F. 147-92 of the 18th January last, report is called for on two points, viz, (1) the permission of the Municipal Board for the assignment of the proposed site, (2) the description of wood granted to Devappa for the construction of his Chattram at Sagar.

2. As regards the first point, the permission of the Board has been

been obtained, and the Board's (48) resolution to this effect has already been forwarded to you with this office No: 368 dated 6th April 1896.

3. In respect of the 2nd. point, I beg to enclose herein an English list showing the total quantity of wood and the amount of segnerage, and exhibiting how much of it is classified wood and how much junglewood.

I have &c. &c.

(19)

Correspondence ending with letter No. 1223/917 dated the 3rd June 1926, from the Deputy Commissioner, Chennai Division submitting quarterly report on the working of Tuticorin Harbour received by Tuticorin Pilots for his signature at Sea.

Order thereon. 141-42
St. 7.147-92

~~The report on the subject of the case referred to above is confusing.~~

It appears from the statement received with the Deputy Commissioners letter cited above, ~~in the letter as corrected, there~~ that 79 3/4 hours Tuticorin Pilotage was given for 27 ships and 14 ~~Coasters~~ in place of the 14

Devappa, for the construction of a chattram at Sagar.

With reference to the above, has the honor to state that Devappa removed 79 1/4 cart loads of wood of the classified kinds paying Rs. 107-10-. at favorable rates of — seigniorage and 20 1/2 cart loads of Jungle wood paying Rs. 10-4-—. The value at full seigniorage rates on the former would amount to Rs. 361-14-— and on the latter Rs. 112-12-—.

2. Thus the total quantity of wood removed by him was 79 3/4 cart loads and

79 1/4
20 1/2
79 3/4 C Loads
L Or. 117-14

361-14
112-12
474-10

the hawal paid was Rs 117-14-0
at favourable rates. The
value at full seigniorage
rates on the total quantity
would amount to Rs 474-10-0
2. The quantity of 39 3/4
cart loads mentioned in
para 6 of the Sub Divisional
Officer's letter No + 180 dated
15th November 1895 is an
error and appears to have
been corrected by an over
= sight (vide letter enclosed
in original). The list
referred to in that para
has been sent up with
this office letter No 606/388
of 2d December 1895 to
Government and may
be referred to for further
information.

+ To be seen when no reply

Sub Division officer's letter
received with the Dy Comrs
letter 3-1-61 dated 2nd Dec 1960
288
it is said — the (Bwaffa) Zamu has
removed 6 3/4 cartloads of
"jungle and excessive
"weed on payment of
"Rs 117-14-0 at the reduced
"rate". The 2 statements
are inconsistent.

2. A clear report showing
the actual quantity of sandalwood & Red sanders
the value, at full recovery
rates, the favourable rates
allowed, and the quantity, if
any, allowed free, should
be submitted as early
as possible.

3. The Deputy Commissioner's report should be obtained

To

The Deputy Commissioner

Shimoga District

Sir,

I Adverting to your No. 121 dated 13th Instant giving cover to copy of yours under No 141-42 dated 4th Idem 71 & 147-92 calling for a report showing the actual quantity of wood granted to Kanle Devarapa for his chattram at Sagar, I have the honor to state as follows-

2. In December 1894, Mr Arnold Rose, the then Sub Division Officer who recommended to the Deputy Commissioner

remove any undertaken.

6. Though the point that Rs. 117-14-- is the value of 79 3/4 cartloads of wood felled and removed by Devappa is not very clear in paras 6 and 7 of this office letter No. 180 dated 23d November 1895 it is made clear in the statement enclosed thereto as also in the statement submitted with this office No. 404 dated 14th may last.

7. A statement showing the actual quantity of each description of wood granted, the value thereof at full seigniorage rate and the favourable rates

(117)

allowed to Devappa, is
herein enclosed, and it will
appear therefrom that
no wood has been granted
to him free of seigniorage

I have &c

Signed H. Ramachander Row
Sub Division Officer

Copy"

Manjunatha
Deputy Commissioner
Shimoga

to obtain Government contain
to allow Devaspra to fell
and remove 20 cart loads
of classified wood and
180 cart loads of jungle
wood for chattram purposes
on reduced rates permitted
him to remove - about
40 cart loads of wood out
of the trees felled in the
Incam from by one
Devaspra who was allowed
to do so to prevent destruc-
-tion of his such crops
by wild beasts, on pay-
-ment of reduced rates
as per Kyoto Forest
Rules and on executing
an Undertaking to pay
full seignorage rates.

if the Government declines to grant the concession recommended.

2. On further request by Devaiya Mr. H. Stephenwatta Row allowed in September 1895 to take 40 more cart loads (14 cart loads out of the remaining trees felled by the above said Basaiya and 26 cart loads from other specified Jungles) on the same conditions as mentioned in para 2 above and reported the same to you in this Office letter No 106 dated 21st September 1895.

4. Accordingly Devaiya

removed 79 3/4 cartloads
of wood detailed in the
statements submitted with
this office letters No. 180
and 604 dated 23d November
1895 and 14th May last
and credited Rs 117-14-4 being
the value of the said quantity
at the reduced rates, to the
Lapsi Taluka Treasury
on 18th October 1895.

5. Meanwhile Government
Secretary's No. 4150 dated
7th 256
27th September 1895 direct-
-ing to stop further re-
-moval of timber was
received with your No 1023
dated 5th November 1895
and accordingly Devappa
was ordered not to

are annexed to this, for ready reference, and it would appear from this that Kaule's Dewappa was led to believe that the above concessions would be granted to him & he was encouraged to start the work at once.

4. The chatter is nearing completion now. He has collected materials for the building of the temple which is only an adjunct to the Chatter which being the main building. He has enclosed nearly 5,856 Square yards of Government land whose value was estimated at Rs. 321-8-. I request you will be good enough to obtain Sanction of the Government, for the free grant of the same as originally intended. At the same time I have to remark that the said Government ground consisted of pits & dales (?) overgrown with rank vegitation and it is now

a relief to see that it has been levelled all around & kept clean.

5. Kaulé Devappa originally intended to enclose a part of the dead house into the Chatter Compound but as it is now settled now that he should leave about 30 feet of ground beyond his compound wall all around, for a passage for the people inhabiting the South-eastern part of the Town to go to the Varada river, the dead house is left untouched by him as it lies just beyond his compound wall. The new Dispensary having been built in the Western extention of the Town the removal of the present dead house and the erection of a new one at a convenient distance from the Dispensary have been determined upon.

6. From the records hereunto submitted it will be seen that the Kaulé Devappah requested 20 cart-loads of

Statement showing the actual quantity of each description of wood granted to Rama Devaspa for his Chattram at Sagar on reduced rates.....

be good enough to obtain sanction of the Government to the grant of 80 cart-loads of Jungle wood (small) on the reduced rate, and to the remission of the royalty on the laterite Stones less to the free grant of the Site referred to in para 4 of this letter.

I have the honor to be,
Sir
Your most Obedient Servant,

Political Mission Officer
Sajar.

D. D.

as follows:—

2. Kadir Mucktar is a Manila Brahmin merchant holding a large landed estate. In 1894 he made up his mind to build a chatter with a temple attached to it on a large scale purely out of charitable motives. He selected a site for this purpose at the entrance to the town on the northern side of the road leading to the Gurdoffah Falls. He has purchased 5 private sites for Rs. 735/- and applied for the free grant of the Government site lying waste adjacent to them for the formation of a large compound. He also requested the Government to grant him the benefit of the Depôt reduced rate of Seignorage.

3. Copies of the correspondence between the Land Acquisition Officer and the Deputy Commissioner in this subject are

of classified wood and 80 cart-loads of jungle wood to be granted at Rs. 60 on the report, reduced rate and the then Subdivisional Officer recommended the concession. Pending the final sanction of the Government he issued to have removed 39¾ cart-loads of classified and 1 cart-load of jungle wood on account of Rs. 117-14-0 at the reduced rate as per list enclosed.

7. After I took charge of the Subdivision I found the work progressing rapidly and Rane Deepsingh through the timbers applied for permission to remove more timber than which he had already felled in the jungle. So unwilling permission at such a juncture would be to stop the work. The timbers referred to consisted only of the jungle wood and not of the classified kind. I therefore ordered the removal of

(1) 40 cart loads of wood at reduced rate Rs. 60-0-0.
(2) do do at full rate 256-0-0

(128)

the value of wood at full rates amounted to Rs. 474/-

The Government observe that the grant was clearly unauthorized and the Sub Division Officers — Messrs. Soonkal Rao and Raghunatha Rao acted indiscreetly ~~decidedly~~ in making the grant in anticipation of Government sanction.

But as the wood is reported to have been used for a charitable purpose — the erection of a chutteram — the grant is sanctioned as a special case.

16/12/96 for Secretary.

15/12 The Conservator of Forests is informed.

Dy. Conservator Shemoga Dn.

of the Lease regarding the matter to you in my letter No. 30 dated 21st September 895. Sardar Singha has already cleared a portion of it and is now engaged in bringing in the remaining portion. As it does not seem to require more wood, as the building is not to consist of the temple is nearing completion.

8. There was no royalty levied on Laterite stone in 894 when the lease was granted. It was only introduced under proceedings No. 10303 R.D. 147-99 dated 5th December 894. From the days extracts herewith received with the report No. 171 dated 21st September 895, it appears that Sardar Singha has already quarried and removed 13,000 Laterite Stone amounting to 2280 cubic feet and the royalty payable on it at the rate of 2 annas per 100 amounted to Rs. 16-4 and he requires more 22000 Laterite Stones.

9. In conclusion I beg you will be

Draft as printed to
Read,

Correspondence on the
letter No. 2/1/12 dated the 20th January
1896, from the Deputy Commissioner,
-er, Sibsagar District, in connection
with the Chattram built by
Kanak Deuraja at Sagar.

Order thereon.

In 1894, Deuraja undertook
to build a chattram with a
temple attached to it on a
large scale for the ~~purchase~~ cost of
charitable motives. He selected
a site near Sagar at the entrance
of the town of Sagar and
applied for the grant of
certain Government sites lying
adjacent to the private sites
purchased by him and for
the grant of timber at reduced
rates. The local officers did not
believe that the concessions
asked for would be granted
and

C. No. 168-9
R. 7. 147-92-93
17-2-1897.

and with the encouragement given, he started the work at once, the total cost thereof being estimated at Rs. 25000. He also quashed and removed a large number of laterite stones. The Government sites in question are reported to measure 5856 sq. yards and the Municipal Board of Nagapattinam have agreed to part with it.

2. The object of Deraja being a charitable one, Government are pleased to sanction the free grant of the sites in question as well as 3500 laterite stones as recommended by the Deputy Commissioner.

3. From the correspondence it is observed that Deraja was permitted to remove 7,734 cartloads of wood of which 5,734 were of the classified kind and 2000 of the single kind on payment of a seigniorage of Rs. 117-12-0 at a reduced rate, while the
